

FACT SHEET

A NEW ROADWAY PROJECT WILL BEGIN IN YOUR AREA

State Road (SR) A1A/Collins Avenue from the 9700 block to the Bridge over Baker's Haulover Cut and
SR 922/96 Street/Kane Concourse from east of East Bay Harbor Drive to Harding Avenue

FIN# 429144-1/2-52-01, 427421-1-52-01
Begins: August 2013

OVERVIEW

On Monday August 12, 2013, the Florida Department of Transportation (FDOT) is scheduled to begin a roadway construction project along SR A1A/Collins Avenue from the 9700 block to the bridge over Baker's Haulover Cut and along SR 922/Kane Concourse/96 Street from east of East Bay Harbor Drive to Harding Avenue.

WORK TO BE PERFORMED

- Replacing sections of sidewalk, curb and gutter and pedestrian ramps
- Performing drainage improvements, including near the approach to the bridge over Baker's Haulover Cut
- Removing the bus bay north of the intersection of eastbound Kane Concourse and Byron Avenue
- Upgrading the pedestrian signals at several intersections
- Repaving and restriping the roadway, including a section of the frontage road on Collins Avenue
- Installing new signage and pavement markings, including shared lane markings advising motorists of cyclists

PROJECT SCHEDULE

August 12, 2013 — winter 2013

ESTIMATED CONSTRUCTION COST

\$1.5 million

AFFECTED MUNICIPALITIES

Bal Harbour Village
Town of Bay Harbour Islands
Town of Surfside
Miami-Dade County

LANE CLOSURE & DETOUR INFORMATION

To do this work safely, it will be necessary to close travel lanes and conduct detours at times. Lanes may be closed daily from 9 a.m. to 3:30 p.m.

On Collins Avenue, lanes may also be closed Sunday through Thursday night from 8:30 p.m. to 5:00 a.m. and Fridays and Saturdays from 11 p.m. to 7 a.m.

Pedestrian access will be maintained at all times. Lane closure, detours and project information is available on the Department's website.

HELPFUL TIPS

- Allow extra time to reach your destination
- Obey all posted signs and speed limits

ALWAYS PUT SAFETY FIRST

For your safety and the safety of others, please use caution when driving, walking or biking around any construction zone. Wearing a safety belt is the single most effective way to protect people and reduce fatalities in motor vehicle crashes. The Department takes steps to reduce construction effects, but you might experience the following around the work site.

- Travel lane closures and detours
- Increased dust and noise
- Workers and equipment moving around the area

Please note that this schedule could change due to bad weather or other unexpected conditions.
